

Made to Length Linear Drainage

Beach Gold

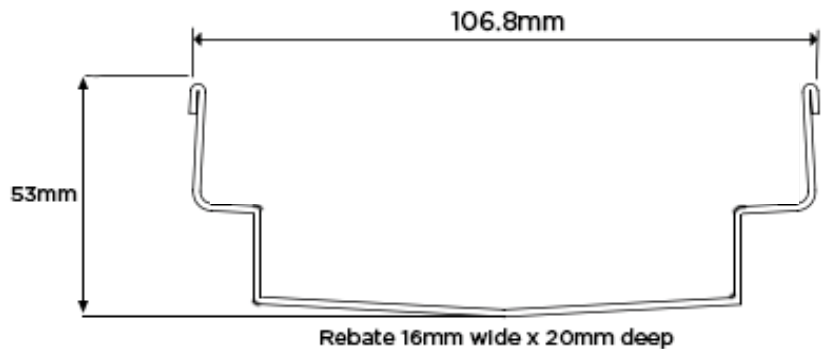

Diagram illustrating the dimensions of a 5-hole manifold. The manifold is shown as a horizontal bar with five circular holes. The overall length is indicated by a dimension line at the bottom, labeled "Overall Length". The distance between the center of each hole is indicated by dimension lines, labeled "mm". The distance from the left edge of the manifold to the center of the first hole is labeled "outlet offset" and "mm". The distance from the center of each hole to the right edge of the manifold is labeled "mm".

32mm 38mm 44mm 51mm

63mm 76mm

Electropolishing (recommended for installation in marine or pool area environments)

PLEASE NOTE Grates longer than 1500mm and Tile Inserts longer than 1200mm are supplied in multiple sections. Channels 2950mm maximum in one piece, channels over 2950mm are supplied in multiple sections with joiner. See AS3500 standard & local regulator for specific outlet & drainage requirements.
+/- 2mm tolerance on dimensions.
